Notes:

The above listing does not include all trained/certified therapists practicing in Manitoba. It is limited to those who are members of the Lymphedema Association of Manitoba. Additional therapists may be found on the training websites listed above.

LAM has adopted the definition of the Canadian Lymphedema Framework: "Certified lymphedema therapists are experts in assessing and treating lymphedema. They are nurses, physiotherapists, occupational therapists and massage therapists who meet the Canadian Lymphedema Framework's national training standards. To certify, lymphedema therapists train for a minimum of 135 hours with a recognized school." www.canadalymph.ca

Questions you may consider asking:

Do you treat (*my type*, eg arm, leg, head/neck) of lymphedema?

Do you need a doctor's referral?

What is the cost of your services? Do you direct bill to insurance companies?

Is your location wheelchair accessible (if applicable)?

What is the parking situation?

Are there any pets on the premises (if applicable)?

Do you provide mobile services (if applicable)?

Do you have any special training (if applicable)?

What should I expect on my first visit?
